THE STRATEGY ON THIS SHEET

Put one finger under the line. Move it left to right, slowly, and do not let your eyes jump ahead of your finger. Finish the whole line before you start the next one.

- 1 Circle every **b** you find. Watch out — **d**, **p** and **q** are trying to trick you.

p q b q b b d p q q d b
 b d q b p p b d p d b d
 b q q p p p b q p b q b
 q p b d d q b d b p b p
 d q b b q d d q p q b b

- 2 Circle every **cat**. Read each word all the way to the end before you decide.

A miss is a tracking slip — the eye skipped. A wrong circle is a discrimination slip — b and d still look alike. They need different practice, so mark them differently.
