VISUAL PURSUIT

FIGURE-GROUND

SUSTAINED ATTENTION

THE STRATEGY ON THIS SHEET

Peripheral vision carries the line; the centre of your gaze only confirms it. Trying to read every millimetre of a line with the fovea is what makes a dense field exhausting.

- 1 Follow each line to its letter and write the letter in the box.

LINES CORRECT
___ / 20

TIME TAKEN
__ : __

PERSONAL BEST
__ : __

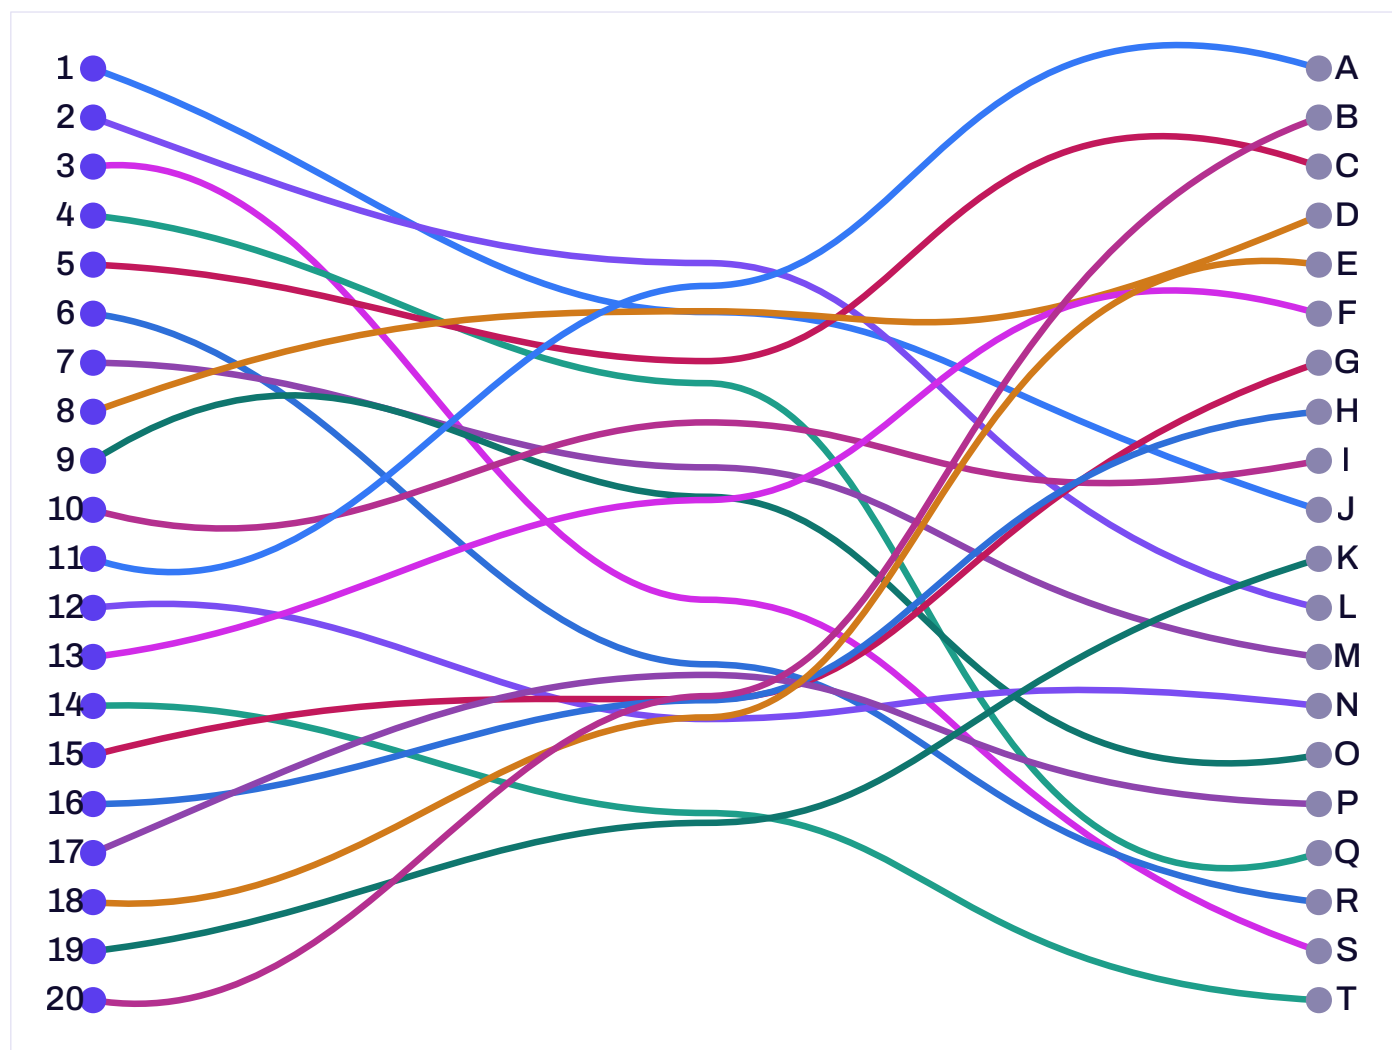

Trains: smooth pursuit, figure-ground perception

Accuracy first; speed is what accuracy buys you

Answer Key

LOS-7.3 · Dense Tangle · for the adult marking

EVERY LINE FOLLOWED TO ITS END

1 → J	2 → L	3 → S	4 → Q	5 → C	6 → R	7 → M	8 → D	9 → O	10 → I	11 → A
12 → N	13 → F	14 → T	15 → G	16 → H	17 → P	18 → E	19 → K	20 → B		

A line lost at a crossing is a pursuit slip. A line followed correctly but written in the wrong box is a recording slip, not an eye-movement one.
