

At the Beach

GRADE 2

SKILL TRAINED: VISUAL DISCRIMINATION · VISUAL SCANNING

THE STRATEGY: SEARCH IN QUADRANTS

Do not let your eyes jump about. Split each picture into four squares in your mind: sky, sea, and the sand on the left and on the right. Finish comparing one square before you move on to the next. A careful order finds more than a fast look.

There are **9 differences** between Picture A and Picture B. Find them all, and tick a box each time you find one.
